

WARDROBE FRAME & SHUTTERS

ACCUCEL wardrobe shutters are a premium product of Accura Polytech Pvt. Ltd, made from ACCUCEL solid PVC foam profiles with integral skin manufactured at a state of the art factory using breakthrough technology from ITALY to suit Indian condition.

ACCUCEL wardrobe frame is fabricated form ACCUCEL solid PVC foam profile FP 4520 OR FP 6030 depending upon design requirement and customer preference. Wardrobe shutters can e made to fit internal gap or covering the frame as per the design.

ACCUCEL wardrobe shutters are fabricated from ACCUCEL rigid PVC foam profile FP 7114 & FP 6028 main frame element and FP 1210 & FP 1515 beading element to fix infill mirror panel 4mm thickness, 3mm high pressure laminate sheet or fixed / open louvered and diamond profile infill panel. Conventional SS hinges / self closing auto closer spring hinges can be used to fix wardrobe shutters to the wardrobe frame. Normal hardware / fittings like handle, stopper, magnets, lock can be fixed in a similar way to wood working. Decorative mouldings are used to upgrade elegance. Wood like printed veneer designs and PU coated finishes are offered as premia range.

ACCUCEL is as elegant as any premium wood in appearance. It is workable, can be nailed, screwed, drilled, glued, sawn, tapped or welded just like wood. ACCUCEL comes in a range of different shapes, colours & finishes. ACCUCEL is characterised by excellent screw holding strength (> 200 Kgf) and shore hardness A of more than 70.
